*Ano Anyanwu*

MULTIPLE COUNCIL CHAIRPERSON

## Lions Code of Ethics

To show my faith in the worthiness of my vocation by industrious application to the end that I may merit a reputation for quality of service.

To Seek success and to demand all fair remuneration or profit as my just due, but to accept no profit or success at the price of my own self-respect lost because of unfair advantage taken or because of questionable acts on my part.

To Remember that in building up my business it is not necessary to tear down another's; to be loyal to my clients or customers and true to myself.

Whenever a doubt arises as to the right or ethics of my position or action towards others, to resolve such doubt against myself.

To Hold friendship as an end and not a means. To hold that true friendship exists not on account of the service performed by one to another, but that true friendship demands nothing but accepts service in the spirit in which it is given.

Always to bear in mind my obligations as a citizen to my nation, my state, and my community, and to give them my unswerving loyalty in word, act, and deed. To give them freely of my time, labor and means.

To Aid others by giving my sympathy to those in distress, my aid to the weak, and my substance to the needy.

To Be Careful with my criticism and liberal with my praise; to build up and not destroy.

## LION SIR MAURICE IBOK

Ph.D, PMJE, NLCF

**D**istinguish Lions and Leos, it is my honour to formally accept the position and responsibility of the office of the District Governor of Lions Clubs International District 404A2, Nigeria for the 2024/2025 Lions year.

As your District Governor, I promise to coordinate the district leadership to address the huge challenges affecting the growth of the Clubs in the District as regards membership increase. We shall strive to encourage retention and rekindle commitment to recruiting quality persons into our noble association.

This is the time to close ranks to shape, reshape, and build on the gains of our past leaders for a strong and high performing district. Running a voluntary office is not limited to the ideas of the current office holder. In you are all leaders beginning at your club level and should contribute to the way the district is being managed. Our association is evolving and there are many new perspectives regarding the office of the DG, therefore, I sincerely invite you to bring up great ideas, feedback and suggestions on ways we can continually improve our services to impact our communities positively.

To this end, we shall open feedback loops in all the regions where you can all share your novel ideas on how best we can grow our district and improve our service to humanity. Offering needed services is the driving force behind our service activities this Lions year. Our concern as a pragmatic vessel of service is to encourage clubs and individuals to focus on finding practical solutions to the felt needs of our communities rather than providing services for the sake of carrying out service activities. Clubs, therefore, are enjoined to conduct community needs assessments, involve community members in identifying their expressed needs, and apply the most effective course of action to achieve desired

outcomes. As Bill de Blasio holds "you are either a dreamer or a realist". Do not just tick the box for service, impact on the lives of the people we serve. Be pragmatic in your service pursuit in order to meet our communities at the point of their felt needs. I am thankful to all Lions and Leos for the confidence and trust to hand over the mantle of leadership of our district to me. On my honor, I promise not to disappoint you.

My sincere gratitude goes to God Almighty, who made it possible at the appointed time for me to assume the office of the District Governor. I return all glory to him alone.

May I passionately thank my dear wife Elfreda and my lovely children for standing by me throughout the electioneering and succession period. Your prayers and moral support created the needed atmosphere for this achievement. My deep appreciation goes to the Director General and members of the MOI team for putting up a robust campaign effort and succession plan. You are a team to work with. I also extend my gratitude to the president and members of Calabar Atakpa Lions Club for supporting my ambition for this position. I promise that I will not let you down.

Finally, I am most thankful to the Elders forum of our district who are always willing to help and whose experiences will be required to steer the Pragmatic vessel of service to a safe shore.

Thank you all and God bless.

## DISTRICT THEME:

# PRAGMATIC SERVICE

Pragmatism is a philosophical movement that includes those who claim that an ideology or proposition is true if it works satisfactorily. Pragmatic service is a leadership movement that holds the view that humanitarian service is offered when it is satisfactorily done. The meaning of service is found in its practical consequences. It is a service movement that believes in practical results that meets communities at the point of their needs. The movement repudiates engagement in service and activities that are unrealistic, untenable and does not impact a people positively.

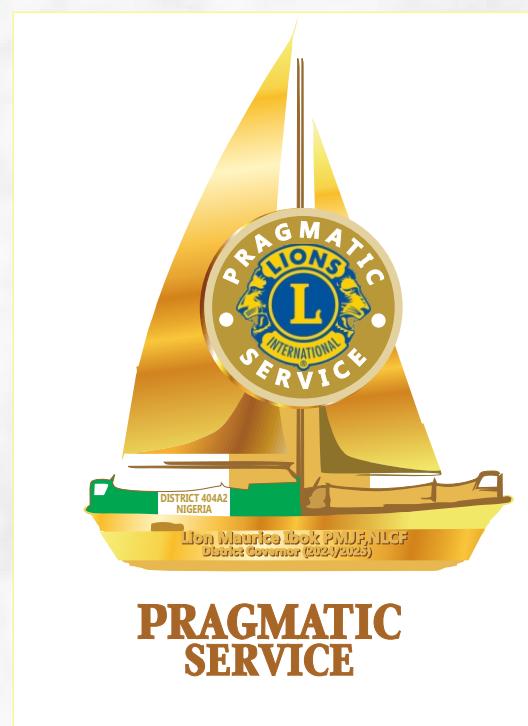

### DISTRICT LOGO: VESSEL OF SERVICE

The boat represents a journey from one destination to another. It caricaturizes dynamism and innovation. One cannot get anywhere by remaining on an island. A movement is required to strike a change. It symbolizes duty, dedication and commitment. It represents the resolve of the Pragmatic Team to move Lions operation and achievements from one height to another in an adventurous and exploratory way; discovering new vistas and making lives pleasurable for the communities we serve.

The sail on the ship signifies stability and smooth movement of the boat to its designed and desired destination. The Pragmatic Service destination is called DESTINATION 100% expressed as follows:

- 1.100% service reporting
- 2.100% membership reporting
- 3.100% payment of dues
- 4.100% achievement of membership increase of 250
- 5.100% extension target of 4 new clubs.

The sea signifies our environment of service where we traverse to identify communities, their challenges and how we can realistically (pragmatism) address these challenges.

## DISTRICT FOCUS AND DESTINATION

**1. Membership growth and Retention:** This is at the core of our Association. The more members we get the lighter the burden of service. With more members we are likely to provide more services. We will target special individuals (friends of Lions) to join the association. We will establish member value goals to guarantee retention.

**2. Club expansion:** We will strive to charter more clubs. We intend to approach groups who are already formed to transform them into local clubs. Already closed-knit bodies make bonding very easy and can guarantee retention easily.

**3. Expansion programme:** It is our desire and commitment to establish Lions clubs in places where our presence is scanty. We will identify strong individuals in those areas to build the formative stage around them.

**4. Leadership training:** A knowledgeable and well informed lion is a better lion. Leadership training will be top notch in our programme. The training will not only centre on Lions fundamentals but will also cover personal life promoting programmes and the training needs of clubs. How to grow your economy will also be introduced into the curriculum

**5. Pragmatic pursuit of global courses:** The core global courses will be pragmatically pursued. The pragmatism surrounding our activities will be driven by the SMART goals. We will be guided by:

S-PECIFICITY

M-EASURABILITY

A-CHIEVABILITY

R-EALIZABILITY

T-IME BOUND

**6. Leo programme sustainability:** We will continue to improve the Leo programme by vigorous Leo membership drive so that we can reap the benefits of membership into the Lions club.

**7. Service activities:** The district will run a food bank service as one of its major service activities for the year. Food bank is a place where food is collected and stored, and distributed to people who do not have money to buy it. The district wants to relieve hunger by starting a food bank to distribute food to the needy in our communities at regular intervals. Food banks, therefore shall be open in all regions to allow anyone in need to receive food assistance. Modalities for its distribution shall be worked out.

---

## ACCEPTANCE SPEECH BY LION MAURICE IBOK

---

**8. Core Project:** Skill acquisition for street children. The core project for the year is the construction of skill acquisition centre for street children. The core project team is mandated to work out the modalities to achieve this goal.

**9. Visibility:** The district will pursue a composite media coverage of activities carried out by clubs. The media and marketing team shall collate news report of club service activities and publicize them through reputable national media outlets every quarter. However, clubs are enjoined to make effective use of social media platforms to publicize their activities.

### GOALS

**Service:** The GST will ensure that the district records 98% service reporting. Traditional media outfits shall be engaged every quarter to report lions service activities.

**Membership development:** The DG Team and the GMT will strive to work with clubs to increase the district membership by 250 new lions (+250).

**Extension:** The district will charter four new clubs before May 30th 2025. The GET has been mandated to work towards achieving this goal.

**Leadership development:** The district will organize multiple trainings to address the training needs of officers and lions in the district. The GLT is directed to ensure that about 95% of region, zone and district committee chairpersons are trained in their various areas of responsibilities.

**LCIF:** The district will encourage individual participation in the LCIF contribution. We anticipate individual participation to increase by 25% and club participation to increase by 10%.

### DISTRICT STRUCTURE

The district will operate 11 regions and 24 zones structure. We have created the 11th region in the Rivers/Bayelsa axis to guarantee a close-knit membership management. Region chairpersons are enjoined to coordinate their various regions for robust membership growth and retention. Zone chairpersons should hold the District Governor's Advisory committee meetings as and when due. They should strive to work on clubs under them to pay their dues promptly, report membership and service activities as and when due.
